DIRECTORS' REPORT

Moneybarn Limited (the 'Company') is a subsidiary of Vanquis Banking Group plc (formerly Provident Financial plc). Vanquis Banking Group plc is a public limited company, listed on the London Stock Exchange, which, together with its subsidiaries, forms the Vanquis Banking Group (the 'Group'). The immediate parent of the Company is Moneybarn Group Limited.

The following provisions, which the directors are required to report in the Directors' report, have been included in the Strategic report:

- how the directors have engaged with colleagues, how they have had regard to colleague interests and the effect of that regard, including on the principal decision taken by the Company in the financial year (page 6); and,
- how the directors have had regard to the need to foster the Company's business relationship with suppliers, customers and others, and the effect of that regard, including on the principal decision taken by the Company in the financial year (pages 4 to 10).

Principal activities

The principal activity of the Company is to provide customer account management services to other companies in the Group, principally Moneybarn No.1 Limited.

Results

The Statement of comprehensive income for the year is set out on page 16. The profit for the year of £1,500,000 (2021: £1,653,000) has been added to Retained earnings. The Company has net assets of £23,459,000 as at 31 December 2021 (2021: £21,631,000).

Dividends

The directors do not propose the payment of a dividend in respect of the year ended 31 December 2022 (2021: £nil).

Directors

The directors of the Company during the year ended 31 December 2022, all of whom were directors for the whole year then ended and to the date of this report, were:

M J Le May (Chairman)
D V Shrimpton-Davis
N Kapur
C G Anderson

Financial risk management

The financial and capital risk management reports of the Company are set out on pages 25 to 26.

Employee involvement

The Company regularly provides staff and colleagues with business updates, consulting with them regularly so that their views can be taken into account when making decisions that are likely to affect their interests. Employee involvement in the Company and the wider Group is encouraged as achieving a common awareness of the financial and economic factors affecting the Company plays a major role in maintaining its competitive position. The Company encourages the involvement of employees by way of weekly staff updates, monthly performance updates and regular management team briefings. The Company also carries out regular employee engagement surveys.

MONEYBARN LIMITED
(Company Number 02766324)

DIRECTORS' REPORT (CONTINUED)

Equal opportunities

The Company is committed to employment policies which follow best practice based on equal opportunities for all employees irrespective of gender, pregnancy, race, colour, nationality, ethnic or national origin, disability, sexual orientation, age, marital or civil partner status, gender reassignment, religion or belief. The Company gives full and fair consideration to applications for employment from disabled persons, having regard to their particular aptitudes and abilities. Appropriate arrangements are made for the continued employment and training, career development and promotion of disabled persons employed by the Company including making reasonable adjustments where required. If members of staff become disabled, every effort is made by the Company to ensure their continued employment, either in the same or an alternative position, with appropriate retraining being given if necessary.

Climate change

Disclosures are made in the Group's Annual Report and Financial Statements 2022 in respect of the Group's:

- scope 1 and 2 greenhouse gas emissions in tonnes of carbon dioxide equivalent;
- scope 3 carbon emissions in the supply chain;
- compliance with Taskforce on climate related financial disclosures ("TCFD") recommendations;
- a relevant intensity ratio (i.e. kilograms of carbon dioxide equivalent per customer); and
- information on underlying energy use for 2022.

The disclosures are produced in accordance with the UK Government's Streamlined Energy and Carbon Reporting (SECR) policy that has been implemented through the Companies (Directors' Report) and Limited Liability Partnership (Energy and Carbon Report) Regulations 2018. This disclosure covers the greenhouse gas emissions and energy use for the Group and its operating divisions incorporating the Company.

Auditor information

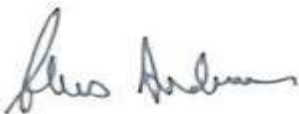

In accordance with section 418 of the Companies Act 2006, each person who is a director at the date of this report confirmed that:

- i) so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- ii) the directors have taken all reasonable steps that he ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Deloitte LLP will continue as auditor to the Company for the next financial year.

Approved by the Board and signed on behalf of the Board by:

C G Anderson
Director
26 April 2023

STRATEGIC REPORT

Business review

The following are considered the Company's Key Performance Indicators:

Key Performance Indicators (KPIs)	2022	2021
	£'000	£'000
Profit before taxation	1,928	1,689

During the year, the Company serviced, on behalf of other Group companies, 42,000 new contracts (2021: 37,000), as well as maintaining the servicing of a portfolio of loan contracts which increased from 93,900 to 100,000 in the year. This growth was achieved through investment in technology and staff to support the growth of the other group companies which the Company services.

Revenue grew by 26% to £41,640,000 (2021: £32,978,000), primarily as a result of the receivables growth within Moneybarn No.1 Limited which resulted in an increased intra-group revenue for the Company.

Administrative and operating costs increased by 27% to £39,648,000 (2021: £31,222,000) in line with the increase in Revenue.

Regulation

The Company is regulated and authorised by the Financial Conduct Authority.

Principal risks and uncertainties and financial risk management

The Management Committee of Moneybarn (consisting of Duncton Group Limited and its subsidiaries) is responsible for managing the day-to-day strategic risks of the Moneybarn group. Moneybarn is managed as a consolidated business, and the committees and risk management policies operate across Moneybarn. The Management Committee delegates some of its responsibilities to sub-committees as appropriate.

The Board approves detailed budgets and forecasts for the year ahead. It also approves outline projections for the subsequent four years. An update to the budget is approved each year. Actual performance against these budgets is monitored in detail within the Company's management accounts and this is supplemented with a rolling forecast of the full-year outturn. The Moneybarn Management Committee meets each month to review the prior month performance of the Company. This includes the management accounts and key financial and non-financial performance indicators. The Company's management accounts also form part of the papers for each Board meeting.

The following committees all report to the Management Committee, which in turn reports to the Board:

- Credit Committee which reviews credit performance, approves underwriting rule changes, assesses new products or product changes and approves pricing changes.
- Policy Committee which meets every other month and reviews and approves the Company policies and reviews and acts upon the feedback from internal audits.
- Technology and Change Committee which meets monthly to review the programme, prioritisation and progress of projects.
- Complaints Committee which reviews complaints examples, trends and root causes.
- Audit, Risk and Compliance Committee which meets every quarter to review progress of actions raised and the performance of 3 lines of defence, regulatory matters and risk management including:
 - Consideration and monitoring of the ongoing effectiveness of the Company's risk management framework, including business systems and controls, risk policies and risk appetite;
 - Review the risk measures, risk dashboard and risk appetites; and
 - Consideration of the appropriateness of risk specific classifications and proposed mitigants as set out in the risk dashboard.

The Audit, Risk and Compliance Committee is a committee of the Board and reports to the Board.

Information on the management of specific financial risks, including credit, market, liquidity, interest rate, and capital risks, is provided on pages 25 and 26.

STRATEGIC REPORT (CONTINUED)

Statement regarding section 172 of the Companies Act 2006

The directors have acted in a way that they considered, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, having regard to the matters set out in section 172(a) – (f) of the Companies Act 2006.

The Board met formally six times during the reporting period and received regular updates from management on engagement activities with the Company's key stakeholders including regulators, customers and colleagues. The Board is composed of two executive directors and two Group non-executive directors (the Chief Executive Officer (CEO) and Chief Finance Officer (CFO) of the ultimate parent company) which provides direct investor engagement and ensures that investors' views are considered during the Board's discussion and decisions.

Our purpose, as part of the Vanquis Banking Group, is predicated on our customers and is underpinned by a number of strategic drivers and behaviours. These aim to deliver an appropriate balance between the needs of our customers, our regulators, investors and our employees, in order to ensure that we are successful and sustainable for all of our stakeholders. Our stakeholders are individuals or groups who have an interest in, or are affected by, the activities of our business; our key stakeholders are set out in the table below. We seek to engage with them regularly to ensure that we are aware of their views and concerns with regard to a wide range of issues and we do this in a number of ways, as detailed in the below table. By balancing the interests of our stakeholders, lending responsibly, contributing to wider society and ensuring the appropriate corporate governance arrangements are in place, we can maintain a reputation for high standards of business conduct. You can read about how we have generated and preserved value over the long term in the Strategic report.

Our Stakeholders and why we engage with them	How? (How management and/or directors engaged with and considered our stakeholders)	What? (What were the key topics of engagement and consideration)	Key outcomes and actions (What was the impact of the engagement and/or consideration?)
<p>Our Customers</p> <p>We engage with our customers to determine whether we are delivering our business activities in accordance with our purpose and ensuring that we deliver good outcomes for them throughout their journey with us.</p> <p>Our customers' interests include access to affordable vehicle finance that meet their needs as well as high quality service.</p>	<ul style="list-style-type: none"> • Utilising a wide variety of customer engagement methods including third party research and complaints monitoring • Customer call listening by the Group Customer, Culture and Ethics Committee which was fed back to the Company • Monitoring performance against good customer outcomes • Considering the customer experience, customer journeys and outcomes • Designing and implementing policies that protect and support customers • Management reports to the Board on the above methods of engagement and the outcomes of such engagement 	<ul style="list-style-type: none"> • Supporting customers impacted by the cost of living crisis, including forbearance measures • Customer affordability, vulnerability and persistent debt • Customer outcomes aligned with the FCA Consumer Duty rules • Customer satisfaction, service level agreements, care, service and complaints • Policy suite including, but not limited to, Anti Money Laundering ('AML'), Data Protection, Complaints Handling, Forbearance, Collections, Vulnerable Customers and Financial Promotions • Continued partnership with Stepchange 	<ul style="list-style-type: none"> • Enhanced forbearance measures to support customers through the cost of living crisis and Board-level oversight over the impact of the crisis on our customers • Management and Board oversight of customer complaints operations, outcomes, strategy and vulnerable customers • Enhanced affordability assessment process to meet customers' needs while continuing to lend responsibly during difficult economic conditions • Board approved an operational outsourcing arrangement with Teleperformance to improve the quality of service provided to our customers • Maintained appropriate credit underwriting reflective of the desire to lend responsibly through difficult macroeconomic conditions during the year

<p>Our environment</p> <p>To minimise our environmental impact, in particular, reducing the greenhouse gas emissions associated with our business activities, thereby lessening our contribution to issues such as climate change.</p> <p>The interests of our environment include sustainable business and contributing to tackling climate change.</p>	<ul style="list-style-type: none"> • The Company utilises and contributes to the Group Environmental Management System (EMS) • The Company participates in the Group Customer, Culture & Ethics Committee at which Group-wide environmental matters are overseen by the Group Board Committee • Execution of activities to support Group achievement of ISO 14001 • Group Climate Risk Committee chaired by the Group's Chief Risk Officer and Company's Chief Risk Officer. 	<ul style="list-style-type: none"> • Climate change • Environmentally conscious vehicle manufacture • Funding of electric vehicles • A compliance statement published in respect of the recommendations and recommended disclosures of the Task Force on Climate Related Financial Disclosures which complies with the FCA Listing Rule 9.8.6R(8) • Maintenance and compliance with ISO 14001 	<ul style="list-style-type: none"> • Compliance with ISO 14001 • Board approved a partnership that would allow non-prime customers to access the electric vehicles market • Progress made against environmental targets was included within the non-financial scorecard used by the Group Remuneration Committee to assist in determining the annual bonus pool for executive remuneration • Scope 1 and 2, and 8 out of 15 material scope 3 greenhouse gas emissions (including those associated with products and services procured and downstream leased assets) accounted for and reported across the Group in accordance with the UK Government's Streamlined Energy and Carbon Reporting policy • Continued offsetting of the Group's operational carbon footprint through investment in nature-based projects • Group commitment to the six long-term ESG objectives • Good progress made in setting carbon reduction targets in alignment with the Science Based Targets initiative

During the year the Board made the following decisions: approved the strategic business and financial plan for the vehicle finance business for the period 2023 to 2027 as part of the Group budget; approved the pilot of an outsourcing arrangement to improve operational efficacy and deliver good customer outcomes (see the principal decision below for further information); and approved a self-assessment of the Company's operational resiliency in support of the FCA and PRA Operational Resilience Regulations.

In all of our Board papers requiring a decision to be taken there is a section which presenters have to complete asking them to set out the impact/key matters for the Board to consider in relation to the decision in question on the following factors/stakeholders (where not already set out in the body of their paper) – customers; colleagues; suppliers; regulators/government; investors, communities; environment; reputation; long term considerations. This draws attention to all the factors the directors need to take into account when considering their s. 172 Companies Act 2006 duties, even if there is considered to be no material impact in relation to any specific category of consideration.

MONEYBARN LIMITED
(Company Number 02766324)

STRATEGIC REPORT (CONTINUED)

Statement regarding section 172 of the Companies Act 2006 (continued)

In making the following principal decision, the Board took into account its duties under s.172 of the Companies Act 2006:

Decision to enter a strategic partnership to improve service levels and operational performance

Decision making process

In March 2022, the Board considered and approved a proposal from executive management for a 3-month pilot of an operational outsourcing arrangement, with a market leading global outsource provider, to assist with the management of customer inbound calls/emails and to assist in the delivery of timely loan application responses. At the end of the pilot, the Board reviewed the performance of the pilot and approved management's recommendation to extend the arrangement beyond the pilot to deliver operational efficiencies and improved service levels to customers and introducers.

The Board received assurance that the appropriate stakeholders and committees had been consulted in accordance with the Company's Delegated Authorities Manual and Group corporate governance framework in relation to the outsourcing arrangement. Furthermore, the Board noted that a full risk assessment had been carried out by management which considered the risks to the arrangement and how those risks had been or would be mitigated. The risk mitigations included the implementation of a third-party governance and management framework to support the new arrangement and ensure required oversight of performance as well as compliance with the Company's policies and procedures to protect stakeholders' interests.

Long term implications

The short-term benefits of the outsourcing arrangement, including costs savings and improved operations performance, were considered alongside the long-term implications of the decision. The Board recognised that the outsource provider offered a range of technical solutions to make the Company's operations more efficient and effective which would enable the Company to deliver its strategy and business plan over the long-term in a sustainable way. It was also recognised that customers were crucial to the Company's long-term success and the pilot had provided improved service levels for customers. Furthermore, the pilot had demonstrated improvements to broker service provision which was likely to have a positive impact on the Company's new business growth.

Stakeholder implications

The Board noted the potential impact of the arrangement on each of the Company's key stakeholders. The impact on customers was key in the Board's decision to approve the strategic partnership; the pilot had demonstrated the effectiveness of the outsource provider at improving service levels, reducing abandonment rates, improving collections and arrears management, reducing service-related complaints, and increasing customer satisfaction as measured by Network Promoter Scores. Additionally, reducing the operational demands on colleagues by utilising a third-party provider was expected to reduce colleague attrition and create a more sustainable working environment.

It was also considered that the arrangement would likely have a positive impact on the Company's position with the Regulator because it provided more sustainable effective operations, strengthening the Company's conduct risk environment and operational resilience, as well as leading to better customer outcomes in terms of service delivery. Furthermore, to minimise the risk of potential detriment to key stakeholders, the Board sought assurance on the reputation of the outsource provider which was provided by management via independent market analysis.

MONEYBARN LIMITED
(Company Number 02766324)
STRATEGIC REPORT (CONTINUED)

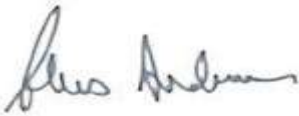

Going concern

In assessing whether the Company is a going concern, the directors have reviewed the Group's corporate plan, as approved in December 2022, which includes detailed forecasts for the three year period to December 2025 and also considered less detailed forecasts for 2026 and 2027. These higher-level outer year forecasts do not contain any information which would cause different conclusions to be reached over the longer-term viability of the Company or Group. The assessment included consideration of the Group's principal risks and uncertainties, with a focus on capital and liquidity.

The directors have also reviewed the Group's stress testing projections which are based on a severe but plausible scenario. The stress test scenario envisages that the UK economy enters a period of stagflation in 2023 with inflation rising to approximately 17% and the UK Bank Rate rising to 6%. As a result, the UK unemployment rate rises to approximately 8.5%. This shows that the Group is able to maintain sufficient capital headroom above minimum requirements. The directors have reviewed the Group's reverse stress testing projections to the point of non-viability, which concluded that the Group's viability only comes into question under an unprecedented macroeconomic scenario.

Based on this review, the directors are satisfied that the Company has the required resources to continue in business for a period of at least twelve months following the approval of the Company accounts. For this reason, the directors continue to adopt the going concern basis in preparing the Company accounts. Accordingly, the financial statements of the Company have been prepared on a going concern basis of accounting. Further details on the basis of preparation is provided on page 20.

Approved by the Board and signed on behalf of the Board by:

C G Anderson
Director
26 April 2023

MONEYBARN LIMITED
(Company Number 02766324)

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors are required to prepare the financial statements in accordance with United Kingdom adopted international accounting standards. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, International Accounting Standard 1 requires that directors:

- properly select and apply accounting policies;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial position and financial performance; and
- make an assessment of the Company's ability to continue as a going concern.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

MONEYBARN LIMITED
(Company Number 02766324)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MONEYBARN LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Moneybarn Limited (the 'Company'):

- give a true and fair view of the state of the Company's affairs as at 31 December 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom adopted international accounting standards; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the statement of comprehensive income;
- the balance sheet;
- the statement of changes in shareholders' equity;
- the statement of cash flows;
- the statement of accounting policies; and
- the related notes 1 to 21.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom adopted international accounting standards.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

MONEYBARN LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MONEYBARN LIMITED (CONTINUED)

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the Company's industry and its control environment, and reviewed the Company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management and the directors about their own identification and assessment of the risks of irregularities, including those that are specific to the company's business sector.

We obtained an understanding of the legal and regulatory framework that the Company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included the UK Companies Act and tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the Company's ability to operate or to avoid a material penalty. These included regulations set by the Financial Conduct Authority (FCA).

We discussed among the audit engagement team, including relevant internal specialists such as tax and IT regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

MONEYBARN LIMITED
(Company Number 02766324)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MONEYBARN LIMITED (CONTINUED)

Extent to which the audit was considered capable of detecting irregularities, including fraud (continued)

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance and reviewing correspondence with the FCA.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Strategic report or the Directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

STATEMENT OF ACCOUNTING POLICIES

General information

Moneybarn Limited (the 'Company') is a private limited liability company incorporated in England, United Kingdom under the Companies Act 2006 and domiciled in the United Kingdom. The address of the Company's registered office is Moneybarn, Athena House, Bedford Road, Petersfield, Hampshire, GU32 3LJ.

Basis of preparation

The financial statements have been prepared in accordance with international accounting standards as adopted by the United Kingdom (UK), International Financial Reporting Interpretations Committee (IFRIC) interpretations and the Companies Act 2006.

The financial statements have been prepared on a going concern basis under the historical cost convention. In preparing the financial statements, the directors are required to use certain critical accounting estimates and are required to exercise judgement in the application of the Company's accounting policies.

In assessing whether the Company is a going concern, the directors have reviewed the Group's corporate plan, as approved in December 2022, which includes detailed forecasts for the three year period to December 2025 and also considered less detailed forecasts for 2026 and 2027. These higher-level outer year forecasts do not contain any information which would cause different conclusions to be reached over the longer-term viability of the Company or Group. The assessment included consideration of the Group's principal risks and uncertainties, with a focus on capital and liquidity.

The directors have also reviewed the Group's stress testing projections which are based on a severe but plausible scenario. The stress test scenario envisages that the UK economy enters a period of stagflation in 2023 with inflation rising to approximately 17% and the UK Bank Rate rising to 6%. As a result, the UK unemployment rate rises to approximately 8.5%. This shows that the Group is able to maintain sufficient capital headroom above minimum requirements. The directors have reviewed the Group's reverse stress testing projections to the point of non-viability, which concluded that the Group's viability only comes into question under an unprecedented macroeconomic scenario.

Based on this review, the directors are satisfied that the Company has the required resources to continue in business for a period of at least twelve months following the approval of the Company accounts. For this reason, the directors continue to adopt the going concern basis in preparing the Company accounts. Accordingly, the financial statements of the Company have been prepared on a going concern basis of accounting.

The financial statements are presented in pounds sterling, which is the currency of the primary economic environment in which the Company operates.

Principal accounting policies

The Company's principal accounting policies under International Financial Reporting Standards (IFRSs) as adopted by the United Kingdom (UK), which have been consistently applied to all the years presented unless otherwise stated, are set out below.

The impact of new standards not yet effective and not adopted by the Company from 1 January 2023

There are no new standards not yet effective and not adopted by the Company from 1 January 2023 which are expected to have a material impact on the Company.

MONEYBARN LIMITED
(Company Number 02766324)

STATEMENT OF ACCOUNTING POLICIES (CONTINUED)

Revenue

Revenue comprises income from fees charged for the origination and servicing of contract purchase agreements on behalf of other companies in the group and is charged to the Statement of comprehensive income in the period to which it relates.

Intangible assets

Intangible assets comprise computer software development costs, which represent the costs incurred to acquire or develop the specific software and bring it into use. Directly attributable costs incurred in the development of software are capitalised as an intangible asset if the software will generate future economic benefits. Directly attributable costs include the cost of software development by employees and an appropriate portion of relevant directly attributable overheads.

The residual values and economic lives of intangible assets are reviewed by management at each balance sheet date.

Amortisation is charged to the Statement of comprehensive income as part of operating costs at the rate of 20.0% per annum on a straight-line basis. An impairment loss is recognised for the amount by which the asset's carrying value exceeds the higher of the asset's value in use and its fair value less costs to sell.

Property, plant and equipment

Property, plant and equipment is shown at cost less subsequent depreciation and impairment.

Cost represents invoiced cost plus any other costs that are directly attributable to the acquisition of the items. Repairs and maintenance costs are expensed as incurred.

Depreciation is calculated to write down assets to their estimated realisable value over their useful economic lives. The following are the principal bases used:

	%	Method
Equipment (including computer hardware)	20.0	Straight line
Leasehold improvements	15.0	Straight line
Motor vehicles	25.0	Straight line

The residual values and useful economic lives of all assets are reviewed, and adjusted if appropriate, at each balance sheet date.

All items of property, plant and equipment are tested for impairment whenever events or changes in circumstances indicate that the carrying value may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying value exceeds the higher of the asset's value in use or its fair value less costs to sell.

Gains and losses on disposal of property, plant and equipment are determined by comparing any proceeds with the carrying amount of the asset and are recognised within administrative costs in the Statement of comprehensive income. Depreciation is charged to the Statement of comprehensive income as part of administrative costs.

MONEYBARN LIMITED
(Company Number 02766324)

STATEMENT OF ACCOUNTING POLICIES (CONTINUED)

Leases

The Company assess whether a contract contains a lease at inception of a contract. A right of use asset and a corresponding liability are recognised with respect to all lease arrangements where it is a lessee, except for short-term leases (leases with a lease term of 12 months or less) and leases of low-value assets (less than £5,000). For these leases, the lease payment is recognised within operating expenses on a straight-line basis over the lease term.

The lease liability is initially measured at the present value of the lease payments at the commencement date, discounted using the rate implicit in the lease. If this rate cannot be readily determined, the incremental borrowing rate is used. This is defined as the rate of interest that the lessee would have to pay to borrow, over a similar term, and with similar security the funds necessary to obtain an asset of a similar value to the right of use asset in a similar economic environment. This is based on the Group's non-bank funding rate.

The lease payments included in the measurement of the lease liability comprise:

- fixed lease payments;
- variable lease payments; and
- payment of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease, using the effective interest rate method, and reducing the carrying amount to reflect the lease payments made.

The lease liability is remeasured whenever:

- the lease term has changed, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate;
- the lease payments change due to changes in an index or rate, in which case the lease liability is remeasured by discounting the revised lease payments using the initial discount rate; and
- the lease contract is modified and the modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

The Company did not make any such adjustments during the year.

The right of use asset comprises the initial measurement of the corresponding lease liability and is subsequently measured at cost less accumulated depreciation and impairment losses.

Right of use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

The lease liability and right of use asset are presented as separate line items on the balance sheet. The interest on the lease and depreciation are charged to the Statement of comprehensive income and presented within finance costs and operating costs respectively.

Trade and other receivables and payables

Trade and other receivables and payables are held at amortised cost and receivables are assessed for impairment at the balance sheet date based on lifetime expected credit loss (ECL). The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected credit loss allowance for all trade receivables and contract assets.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand. The Group have a centralised Treasury department who look after the cash needs and funding requirements for all divisions within the Group. A Group sweep of the cash balance is performed daily to maximise interest return.

Retirement benefits

Cash contributions to defined contribution pension schemes are charged to the Statement of comprehensive income on an accruals basis.

MONEYBARN LIMITED
(Company Number 02766324)

STATEMENT OF ACCOUNTING POLICIES (CONTINUED)

Share-based payments

Equity settled schemes:

Vanquis Banking Group plc (formerly Provident Financial plc) grants options under employee savings-related share option schemes (typically referred to as Save As You Earn schemes (SAYE)) and makes awards under the Long Term Incentive Scheme (LTIS), the Restricted Share Plan (RSP) and the Company Share Option Plan (CSOP). All of these schemes are equity settled.

The cost of options and awards is based on their fair value. A binomial model is used for calculating the fair value of SAYE options which have no performance conditions attached and the RSP for which vesting is based on the discretion of the Remuneration Committee. No charge has been recognised for the CSOP as it is linked to the RSP awards granted at the same time. Any gains made by an employee in relation to the CSOP reduces the number of shares exercisable under the RSP award. The value of the charge is adjusted at each balance sheet date to reflect lapses and expected or actual levels of vesting, with a corresponding adjustment to the share-based payment reserve within equity.

The cost of options and awards is based on their fair value. A binomial model is used for calculating the fair value of SAYE options which have no performance conditions attached and the RSP for which vesting is based on the discretion of the Remuneration Committee. No charge has been recognised for the CSOP as it is linked to the RSP awards granted at the same time. Any gains made by an employee in relation to the CSOP reduces the number of shares exercisable under the RSP award.

The value of the charge is adjusted at each balance sheet date to reflect lapses and expected or actual levels of vesting, with a corresponding adjustment to the share-based payment reserve.

For LTIS schemes, performance conditions are based on EPS, total shareholder return (TSR) versus a peer group and risk metrics. Employees of the Company also have targets relating to profit before tax of their division. The fair value of awards is determined using a combination of the binomial and Monte Carlo option pricing models. The value of the charge is adjusted at each balance sheet date to reflect lapses and expected or actual levels of vesting. Where the Monte Carlo option pricing model is used to determine fair value of the TSR component, no adjustment is made to reflect expected or actual levels of vesting as the probability of the awards vesting is taken into account in the initial calculation of the fair value of the awards.

Cancellations by employees of contributions to the Group's SAYE plans are treated as non-vesting conditions and the Group recognises, in the year of cancellation, the amount of the expense that would have otherwise been recognised over the remainder of the vesting period.

Modifications are assessed at the date of modification and any incremental charges are recognised in the Statement of comprehensive income over the remaining vesting period of the scheme.

A transfer is made from the share-based payment reserve to retained earnings when options and awards vest, lapse or are cancelled.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

MONEYBARN LIMITED
(Company Number 02766324)

STATEMENT OF ACCOUNTING POLICIES (CONTINUED)

Taxation

The tax charge represents the sum of current and deferred tax. Current tax is calculated based on taxable profit for the year using tax rates that have been enacted or substantively enacted by the balance sheet date. Taxable profit differs from profit before taxation as reported in the Statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax is also provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Company and it is probable that the temporary difference will not reverse in the future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Exceptional items

Exceptional items are items which the directors consider should be disclosed separately to enable a full understanding of the Company's results. An exceptional item needs to meet at least two of the following criteria:

- the financial impact is material;
- it is one-off and not expected to recur; and
- it is outside the normal course of business.

Examples include, but are not limited to, costs arising from redundancy, acquisition or restructuring activities. Management may also apply judgement to determine whether an item should be classified as an exceptional item and be an allowable adjustment to a statutory measure.

Critical accounting judgements and sources of estimation uncertainty

No critical judgements or estimates have been identified that affect the reported amounts of assets and liabilities.

MONEYBARN LIMITED
(Company Number 02766324)

FINANCIAL AND CAPITAL RISK MANAGEMENT

Moneybarn Limited (the 'Company') is a wholly owned subsidiary of Vanquis Banking Group plc which together with its subsidiaries, forms the Vanquis Banking Group (the 'Group').

The overall financial and risk management framework is the responsibility of the Board with certain responsibilities in respect of internal control and risk management being delegated to various subcommittees who report directly to the Board. The Company also operates within a Group treasury framework and is subject to Group treasury policies including counterparty, liquidity, interest rate, market and capital risk.

An overview of the Group's risk management framework can be found in the annual report and financial statements of Vanquis Banking Group plc which do not form part of this report.

(a) Credit risk

Credit risk is the risk that the Company will suffer loss in the event of a default by a customer, a bank counterparty or the UK Government. A default occurs when the customer or a bank fails to honour repayments as they fall due.

(b) Counterparty risk

The Company's maximum exposure to credit risk on bank counterparties as at 31 December 2022 was £2,000 (2021: £1,000).

Counterparty credit risk arises as a result of cash deposits placed with banks. Counterparty credit risk is managed by the Group's treasury committee and is governed by a Board approved counterparty policy which ensures that the Group's cash deposits and derivative financial instruments are only made with high quality counterparties with the level of permitted exposure to a counterparty firmly linked to the strength of its credit rating. In addition, there is a maximum exposure limit for all institutions, regardless of credit rating. This is linked to the Group's regulatory capital base in line with the Group's regulatory reporting requirements on large exposures to the Prudential Regulation Authority (PRA).

(c) Liquidity risk

Liquidity risk is the risk that the Company will have insufficient liquid resources available to fulfil its operational plans and/or to meet its financial obligations as they fall due.

Liquidity risk is managed on a day-to-day basis by the Group's centralised Treasury function, under the supervision of the Asset Liability Committee (ALCO) and in accordance with a Group Board-approved Group Funding and Liquidity Policy, which is designed to ensure that the Group is able to continue to fund the growth of the business. The overall responsibility for the management of liquidity risk rests with ALCO, which makes recommendations for the Group's liquidity policy for Group Board approval. ALCO monitors liquidity risk metrics within limits set by the Board, including meeting regulatory requirements.

The Group's funding and liquidity policy is designed to ensure that the Group is able to continue to fund the growth of the business. The Group therefore maintains headroom on its committed borrowing facilities to fund growth and contractual maturities for at least the following 12 months. As at 31 December 2022, the Group's committed borrowing facilities had a weighted average period to maturity of 2.0 years (2021: 2.5 years) and the headroom on these committed facilities amounted to £50.0m (2021: £110.0m).

The Group continues to adopt a prudent approach to managing its funding and liquidity resources within risk appetite, and will optimise these resources when new opportunities become available to the Group.

A maturity analysis of the undiscounted contractual cash flows of the Group's bank and other borrowings is set out in the annual report and financial statements of Vanquis Banking Group plc.

MONEYBARN LIMITED
(Company Number 02766324)

FINANCIAL AND CAPITAL RISK MANAGEMENT (CONTINUED)

(d) Interest rate risk

Interest rate risk is the risk of potential loss through unhedged or mismatched asset and liability positions, which are sensitive to changes in interest rates. Primarily, the Group is at risk of a change in external interest rates which leads to an increase in the Group's cost of borrowing.

The Group's exposure to movements in interest rates is managed by the Treasury Committee, with control and oversight provided by ALCO, and is governed by a Group Board-approved interest rate hedging policy which forms part of the Group's treasury policies.

The principal market-set interest rate used by the Group's lenders is the Sterling Overnight Index Average (SONIA). The SONIA index tracks the sterling overnight indexed swaps for unsecured transactions in the market. SONIA is the risk-free borrowing rate which is used to set rates for certain borrowings and swaps.

The Group has adopted the standard methodology measurement of interest rate risk. The Group measures and monitors the following market risk drivers under the interest rate risk in the banking book (IRRBB) framework through which risk exposure may arise.

(e) Market risk

Market risk is the risk that a financial instrument's fair value or future cash flows will fluctuate because of changes in market prices. The Group's exposure to market risk is primarily through interest rate risk. These exposures arise solely through the Group's duration mismatches between its lending and funding activities.

The Group's corporate policies do not permit it or the Company to undertake position taking or to run a trading book of this type and therefore neither it nor the Company does so.

(f) Capital risk

Capital risk is managed by the Group's centralised treasury department. The Group manages capital risk by focussing on capital efficiency and effective risk management. This takes into account the requirements of a variety of different stakeholders including shareholders, policyholders, regulators and rating agencies. A more detailed explanation of the management of capital risk can be found in the annual report and financial statements of Vanquis Banking Group plc within the Pillar 3 disclosures document which do not form part of this report.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3 Profit before taxation (continued)

	2022	2021
	£'000	£'000
Exceptional items	234	-
Redundancy costs	234	-
Total exceptional items	234	-

The exceptional costs of £234,000 (2021: £nil) recognised in the current year relate to redundancy costs.

4 Tax charge

	2022	2021
	£'000	£'000
Tax charge in the Statement of comprehensive income	499	244
Current tax	499	244
Deferred tax credit (note 12)	(57)	(135)
Impact of change in UK tax rate	(14)	(73)
Total tax charge	428	36

The rate of tax charge on the profit before taxation for the year is higher than (2021: lower than) the standard rate of corporation tax in the UK of 19% (2021: 19%). This can be reconciled as follows:

	2022	2021
	£'000	£'000
Profit before taxation	1,928	1,689
Profit before taxation multiplied by the standard rate of corporation tax in the UK of 19% (2021: 19%)	366	321
Effects of:		
- impact of permanent differences	35	(25)
- impact of change in UK tax rate (Note (a))	(14)	(73)
- impact of write off of deferred tax assets (Note (b))	5	(15)
- adjustment in respect of prior years (Note (c))	36	17
- adjustment in respect of prior years related to group losses (Note (d))	-	(189)
Total tax charge	428	36

(a) Impact of change of UK tax rates

In 2021, changes were enacted to increase the mainstream corporation tax rate from 19% to 25% with effect from 1 April 2023.

Deferred tax balances at 31 December 2021 were re-measured at the mainstream corporation tax rate of 25% to the extent that the temporary differences on which the deferred tax was calculated were expected to reverse after 1 April 2023.

To the extent the temporary differences on which deferred tax has been calculated are expected to reverse after 1 April 2023, deferred tax balances at 31 December 2022 and movements in deferred tax balances during the year have also been measured at 25% (2021: 25%).

A tax credit of £14,000 (2021: £73,000) represents the income statement adjustment to deferred tax as a result of these changes and no additional deferred tax charge (2021: nil) has been taken directly to other comprehensive income in respect of items reflected in other comprehensive income.

MONEYBARN LIMITED
(Company Number 02766324)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4 Tax charge (continued)

(b) Impact of write off of deferred tax assets

Deferred tax assets written off comprise a tax charge of £5,000 (2021: tax credit of £15,000) and relates to Deferred tax assets in respect of share scheme awards where future tax deductions are expected to be lower (2021: higher) than previously anticipated.

(c) Adjustments in respect of prior years

The £36,000 tax charge (2021: £17,000) in respect of prior years primarily represents adjustments in respect of expenses not deductible for tax purposes and tax deductions for employee share awards.

(d) Adjustments in respect of prior years' related to group losses

The tax credit of £nil (2021: £189,000) in respect of prior years' relates to group companies, which are now discontinued, having surrendered group relief to the Company which the Company has paid for at a discounted price.

5 Directors' remuneration

The remuneration of the directors, who are the key management personnel of the Company, is set out below:

	2022 £'000	2021 £'000
Short-term employee benefits	855	931
Post-employment benefits	14	20
Total	869	951

Fees and other emoluments of the highest paid director are as follows:

	2022 £'000	2021 £'000
Short-term employee benefits	527	523
Post-employment benefits	3	3
Total	530	526

The directors' emoluments of M J Le May and N Kapur are paid and disclosed by the ultimate parent company, Vanquis Banking Group plc.

No contributions were paid by the Company personal pension schemes in respect of the highest paid director (2021: £nil).

No retirement benefits accrued to any director under a money purchase scheme (2021: £nil).

Share awards vested for no directors during the year (2021: three).

6 Employee information

(a) The average monthly number of persons employed by the Company (including directors) was as follows:

	2022 Number	2021 Number
Full time	370	363
Part time	49	49
Total	419	412

(b) Employment costs – all employees (including directors)

	2022 £'000	2021 £'000
Aggregate gross wages and salaries paid to the Company's employees	17,994	16,346
Employers' National Insurance contributions	1,974	1,690
Pension charge (note 16)	600	544
Share-based payment charge (note 18)	328	193
	20,896	18,773

The pension charge comprises amounts paid by the Company to a defined contribution pension plan (see note 16).

7 Trade and other receivables

	2022	2021
	£'000	£'000
Amounts owed by intermediate parent undertaking	13,402	17,155
Amounts owed by fellow subsidiary undertakings	10,157	4,568
Prepayments and accrued income	1,828	1,499
Other Debtors	52	-
Total	25,439	23,222

The fair value of trade and other receivables equated to their book value (2021: fair value equated to book value).

There are no amounts past due in respect of trade and other receivables that are not impaired.

The maximum exposure to credit risk of trade and other receivables is the carrying value of each class of receivable set out above (2021: carrying value).

Amounts owed by the intermediate parent undertaking are unsecured, repayable on demand and accrue interest linked to the monthly weighted average cost of funds of the ultimate parent undertaking plus a margin.

Amounts owed by fellow subsidiary undertakings are unsecured, repayable on demand and do not accrue interest.

There are no expected credit losses recognised at the Balance sheet date (2021: none). Performing loans have no provision recognised as the loans entities have sufficient expected cash flow to service their obligations and sufficient realisable net assets to sell in the event of a default.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

12 Deferred tax

Deferred tax is a future tax liability or asset resulting from temporary differences between the accounting value of assets and liabilities and their value for tax purposes or from tax losses carried forward at the reporting date. Deferred tax arises primarily in respect of: (a) property, plant and equipment which is depreciated on a different basis for tax purposes; (b) other temporary differences, which include: (i) deductions for employee share awards which are recognised differently for tax purposes; (ii) certain cost provisions for which tax deductions are only available when the costs are paid; and (iii) pension contributions for which tax deductions are only available when the costs are paid.

In 2021, changes were enacted to increase the mainstream corporation tax rate from 19% to 25% with effect from 1 April 2023.

Deferred tax balances at 31 December 2021 were re-measured at the mainstream corporation tax rate of 25% to the extent that the temporary differences on which the deferred tax was calculated were expected to reverse after 1 April 2023.

To the extent the temporary differences on which deferred tax has been calculated are expected to reverse after 1 April 2023, deferred tax balances at 31 December 2022 and movements in deferred tax balances during the year have also been measured at 25% (2021: 25%)

A tax credit of £14,000 (2021: £73,000) represents the income statement adjustment to deferred tax as a result of these changes and no additional deferred tax charge (2021: nil) has been taken directly to other comprehensive income in respect of items reflected in other comprehensive income.

At 1 January 2021	233	-	233
Created in the year	89	-	89
At 31 December 2021	322	-	322

Provisions relate to the expected dilapidation costs to return the building currently occupied by the Company back to a rentable state. The dilapidation costs are not expected to be incurred within the next 12 months.

The restructuring provision relates to redundancy costs incurred during the current year. The remaining redundancy costs provision is expected to be paid within the next 12 months.

16 Retirement benefits

The Company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. The pension charge represents contributions payable by the Company and amount to £600,000 (2021: £544,000).

The Company made no contributions to personal pension plans in the year (2021: £nil).

There are no shares issued and not fully paid at the end of the year (2021: no shares).

18 Share-based payments

Vanquis Banking Group plc issues share options and awards to employees as part of its employee remuneration packages. The Group operates five equity-settled share schemes: the Long Term Incentive Scheme (LTIS), the Restricted Share Plan (RSP), the Company Share Option Plan (CSOP), employees' savings-related share option schemes typically referred to as Save As You Earn schemes (SAYE), and the Deferred Bonus Plan (DBP) (previously the Performance Share Plan (PSP)). Vanquis Banking Group plc also previously operated a cash-settled share incentive scheme, the Provident Financial Equity Plan (PFEP), for eligible employees based on a percentage of salary; no awards have been granted since 2018.

When an equity-settled share option or award is granted, a fair value is calculated based on the share price at grant date, the probability of the option/award vesting, the Group's recent share price volatility, and the risk associated with the option/award. A fair value is calculated based on the value of awards granted and adjusted at each balance sheet date for the probability of vesting against performance conditions. The fair value of all options/awards is charged to the income statement on a straight-line basis over the vesting period of the underlying option/award.

During 2022, awards/options have been granted under the RSP/CSOP and SAYE (UK) schemes (2021: awards/options granted under RSP/CSOP and SAYE (UK) schemes).

(a) Equity-settled schemes

The charge to the Statement of comprehensive income during the year was £328,000 (2021: £193,000) for equity-settled schemes. The fair value per award/option granted and the assumptions used in the calculation of the equity settled share-based payment charges are as follows:

	2022	
	RSP/CSOP	SAYE
